

the first meeting of the Convention, after the election of the delegates, is to be held at the Hotel New Orleans, New Orleans, Louisiana, on the 1st of June next. The Convention will consist of three hundred members, all of whom will be elected by ballot, and the election will be conducted in strict accordance with the rules of the Chamber of Deputies.

The practical termination of the Mexican controversy was known in London, and gave great satisfaction. All fear of a war with Mexico was entirely over, and the interest turned to convey public attention. The British Money Market seemed to be in a more promising condition than by the last arrival.

The attention of the House of Commons was chiefly devoted to Irish affairs, upon which Lord John Russell is stated to have made a very able speech. No test vote had been taken.

#### LIVERPOOL COTTON MARKET.—April 19.

The transactions during the week have been exceedingly light; and, judging from the continual and disengaging comments from the manufacturing districts, we are not surprised at the trade being so sparingly; yet this inactivity is our market seems to make little or no impression on

the prices of American descriptions, the holders of which, particularly important, show little eagerness to sell under present prices—therefore we cannot reduce our quotations for them. Speculators have taken 750 bales of American, and exporters 200 American, 30 Foreign, and 50 Merino.

It is conceded that the average consumption for this year is at least 15 per cent. less than the average of last year; and if it continues on this diminished scale, we may be prepared to estimate the falling off for the year 100,000 bales of all kinds at the best. The trade have only taken 200,000 bales of the same time last year—showing a difference of 3700 per week. The sales today are 1200 bags only. The import this week is 22,819 bags, and the sales are 10,770, viz.: 240 New Island, 20 a 21d.; 150 Stained do. 8 a 17d.; 2800 Upland, 5d a 10d.; 3110 New Orleans, 7d a 10d.; 1010 Alabama, &c. &c. 4 a 10d.

INTERESTING FROM FLORIDA.

We learn from the Editors of the New

Orleans Bee, under date of the 6th of May,

that Major General Macomb and General

Wool, of the Army of the United States, had

arrived in New Orleans from Florida.—

"We understand (says the Bee) that they

have concluded a treaty with the Seminoles,

the exact terms of which have not yet trans-

pired; but the Indians are to keep possession of the disputed territory."

On Thursday, the 9th instant, the Hon.

Richard G. Dunlap was introduced by the

Secretary of State to the President, and de-

livered his credentials as Minister Pleni-

powers and Envoy Extraordinary of the

Republic of Texas.—[Globe.]

## Notice.

ON Saturday evening last, in Charlotte, N. C., a meeting was held for the purpose of forming a new organization of the Sons of Liberty, with regular and earnest meetings, under the name of "Freedom." Thirty delegates have already signed the list, and the number of liberty and equality is expected to be immense.

Look out down South.—The *Brooklyn Journal* says, "that at the present hour news from Colton, the article can be imported from Brazil and sold here, so as to compete with that of home production, even after paying a duty of 8 cents per pound."

If this should happen, how Tariff and Anti-Tariff would "Jump Jim Crow!"—

The Yankees have the notion, it is certain, in their minds.—*N. Y. Express.*

The Bostonians have invented a Mikromotor, by which they detect the trickery of the inhabitants of the spurious article in that city. It finds you out the exact proportion of pump water in a moment. It is a desideratum in political economy—domestic economy, at least.

MARRIED

In Irrell County, on the 18th inst., by the Rev. P. J. Sparrow, Mr. JOHN F. IRWIN, March 21st of this place, to Miss MARGARET N., daughter of Joseph Byers, Esq.

## BEDDED

On the 9th ult., at the residence of Mr. William Watson, in York District, S. C., Mrs. MARY PARKS, consort of Capt. Hugh Parks, son of this County, in the 75 year of her age. She was from early life a consistent member of the Presbyterian Church. Her heart was the abode of the most benevolent feelings, which she displayed by acts of kindness towards all her neighbors—truly she was the friend of the poor and needy. Blessed are the dead, who die in the Lord; yes, saith the spirit for they rest from their labors, and their works do follow.
